The latest about Hobson is that he and a Brooklyn girl are writing a novel together.

Miss Jessie Parker, a girl of 22, has been elected Mayor of Kendrick, Idaho.

The Fifth Illinois, after embarking for Porto Rico, was headed off and brought back ashore.

Only 2,500 wheelmen are attending the annual meeting at Indianapolis, when preparations were made for 25,000.

The Ohio County Fair Company is cultivating the fair grounds in hay this year and will not give a fair. It has been doing a losing business for several years.

Gen. Lawton has been placed in command of the soldiers who will remain at Santiago and Gen. Wood will continue to act as Military Governor of the city of Santiago.

War news is now getting so scarce and thin in quality that the papers are devoting much space to telling what Gen. This or Col. That thinks about it. The war will soon become a chestnut.

At the suggestion of the United States, the Italian government has telegraphed Admiral Candini to give the Colombia government eight months in which to pay the Cerruti claim.

Colson's Fourth Regiment has been ordered to move from Lexington to Jacksonville and report for duty under Gen. Lee. The idea is that they will be a party of the army of occupation to be sent to Havana.

There have been ten deaths within sixty hours from typhoid fever at Ft. McPherson, Ga., and 400 more cases are under treatment. The 3,000 troops remaining there are being removed as rapidly as possible.

There are now three avowed and more or less active candidates for the Democratic nomination for Governor, and the convention is still ten months off. Several others are in the "being mentioned" list. Those already out are Hardin, Stone and Goebel.

The bankrupt law is not likely to become popular. One man who took it in Louisville "compromised" \$6,000 in debts with a \$25 suit of clothes. The creditors are not likely to think well of a law that authorizes a transaction like that under official supervision.

The publisher of the KENTUCKIAN fully appreciates the friendly motives and values highly the good opinion of many patrons who are urging him to continue the publication of the daily, but we have decided to quit—at least for the present. The last issue of the war daily will appear to-morrow.

A Santiago correspondent says of the soldiers returned to Spain: "The embarkation of the sick Spaniards on the Alicante was a most pitiful sight. They were brought from the hospitals on stretchers, in wagon and upon the backs of their comrades, often scarcely stronger than the sick men they bore. The docks were lined with officers and soldiers, who supported or carried their wives and daughters. The American wagons and ambulances brought cartloads of miserable, colorless skeletons. It was a heart-rending spectacle."

Hon. Mordecai Williams, the Democratic nominee for Congress in the Ninth district is a lumber merchant of Boyd county, and has been an active political worker for a quarter of a century. He is a white-haired man, about sixty years old and of fine appearance. He has some means and many warm personal friends all over the district. Two years ago he was defeated for the congressional nomination by Mr. W. Larue Thomas, of Mason county, who was defeated in the election by Mr. Sam J. Pugh, the Republican nominee.

The gallows waits for George H. Jacks, now in Chicago jail. He was a robber, while chief of police in Muskegon, Mich.; a thief while at the head of a private detective force; a burglar and a highwayman while deputy marshal; a plunderer and a footpad when the citizens of Muskegon were calling him chief among good men of the city; a robber and a burglar and a footpad in Chicago while he posed as an honest carpenter for four full years; at last a murderer.

The Missouri Democrats, following Gov. Stone's lead, have declared for an "expansion" that takes in all Spanish territory in the West Indies and such coaling stations as may be needed in the Eastern Hemisphere. They also declare for the construction of the Nicaragua canal by the United States and stand firmly by the free coinage demands of the Chicago platform. It is a good platform from end to end.

A seaman of the Bancroft was shot by a Spanish rifleman on shore and killed while off Cortis Bay, Cuba, August 2. A one-pounder returned the fire of the sharpshooters. The man killed was a Greek named Kourlouris. A day or two later the Maple had a similar exchange of shots with Spaniards who tried to resist the capture of a small schooner, the Carmita in the same port.

According to the Messenger the curfew law is a dead letter in Owensboro. It says:

"The curfew law remains unrepaled in Owensboro, but there is no record of any arrest under it. Nevertheless, scores of children unattended are out every night until 10 or 11 o'clock in attendance at the free minstrel show on Frederick street or elsewhere."

After a long deadlock, Hon. C. E. Snodgrass has been nominated to succeed Hon. Benton McMillin in Congress from the Fourth district of Tennessee. Mr. McMillin is the Democratic nominee for Governor. Snodgrass is a young lawyer thirty-five years old.

## CLIPPED AND COMPILED.

The Henderson Fair is now assured.

There is one case of typhoid fever in the Glasgow jail.

Henderson has organized a Business Men's Association.

Paris' free street fair will be held Wednesday and Thursday.

R. J. Barber, Night Chief of Police of Paducah, has resigned. He gave no reason.

Herbert Simons got caught in a corn-shelling machine at Madisonville and was killed.

Henry Wood was crushed to death by a falling roof in Goff's coal mine, near Owensboro.

Frank Kacirscheimer, of Georgetown, was remarried to his wife, from whom he was divorced four years ago.

The Paris Board of Education elected R. C. Talbot to fill the vacancy caused by the death of Dr. Joseph Fithian.

A petition has been filed in the Adair County Court asking the judge to order an election on the whisky question.

"Mat P.," a horse belonging to City Engineer R. P. O'Neill, of Lexington, won a race at Hawthorne at odds of 50 to 1.

Gip T. Berry, a Henderson merchant, sued the Louisville & Nashville Railroad Company for \$10,000 for an injury to his leg.

Sherman Collier, the Fourth regiment soldier who cut Will O'Neill at Lexington, July 4, was dismissed at his examining trial.

The Republican convention to nominate a candidate for Congress in the Eighth district will be held at Danville August 30.

A Madison county cat last week gave birth to five kittens, four of them being joined together with a ligament like that which united the Siamese twins.

The Lexington lodge of Knights of Pythias will pay the fares of all of its members who attend the national Indianapolis, August 22.

## RELIABILITY

Is a quality some newspapers have lost sight of in these days of "Yellow" Journalism. They care little for the truth and a great deal for temporary sensation.

It is not with THE DISPATCH. The success of THE DISPATCH rests upon its reliability. It prints the news—all of the news—and tells the truth about it.

## ITS WAR NEWS SERVICE

Can not be excelled. It is gathered by forty-two war correspondents and eight fast dispatch boats at the seat of war, and a salaried correspondent in every important city in the world. The most critical period of the war will be during peace negotiations. Get the paper that tells the truth.

Our Motto: If you see it in THE DISPATCH it's so, and if it's so it is always in THE DISPATCH.

THE DISPATCH news service is now furnished by the New York Sun, The Chicago Inter Ocean, The Northern Press Association, The Leslie Syndicate and a staff of correspondents in Kentucky, Tennessee and Indiana second to none on a Southern newspaper.

We club with The Weekly Louisville Dispatch; both papers one year for the low sum of \$2.00.

## An Old Adage Reads:

"There is a place for every thing." Now for everything to be in its place the Louisville Dispatch should be in the home of every Democrat in the South. The Louisville Dispatch is the people's paper, owned by the people and read by the people. The Louisville Dispatch is the only Democratic paper published in Louisville. It stands squarely on the Chicago platform. It is not only in a flourishing condition after eighteen months battling against adverse circumstances, but is to day the best News medium in the South. And its motto—if you see it in the Dispatch it's so; if it's so it is always in the Dispatch, has been fully verified during the American Spanish War, during which the superiority of its news service has been daily apparent.

The Dispatch news service is furnished by the New York Sun, the Chicago Inter Ocean, the Northern Press Association and the Leslie Syndicate, which an active salaried correspondent in every important city in the world, besides its own staff of over 300 correspondents in Kentucky, Tennessee and Indiana. Get The Dispatch, it gives the news, and it tells the truth about it.

The Dispatch is Kentucky's greatest paper. You should be a reader. For the next few weeks we will club with the Weekly Dispatch at the extremely low price \$2.00.

## SPECIFICATIONS.

The Head—Is five and one-half inches high and eight and one-half inches long, inside measurement. This is as high as any family machine made, and must not be confounded with the medium or so-called high-arm machines. The head plate sets into level with the table.

The Needle—Is straight, self-acting, flat on one side and cannot be set wrong.

The Shuttle—Is open on the end, cylindrical shape and absolutely self-threading.

The Bearings—Are all steel, well fitted and adjustable.

Self-threading—The machine is self-threading, and no hole to put the thread through, except the eye of the needle.

The Foot—Is positive in action, and has no springs to get out of order.

Automatic Bobbin Winder—Will wind the bobbin as smooth as on a spool of thread.

The Stitch—Is double lock stitch. The same on both sides and will not unravel. Can be lengthened or shortened from eight to thirty stitches to the inch.

The Tension—Is a flat-spring tension and adjustable to all sizes of thread.

Hand Wheel—Is nickel plated and has a loose wheel attached to operate bobbin-winder without running machine.

The Movement—Is the celebrated eccentric movement, positive in action and fewer working parts than any machine on the market.

The Stand—Has large balance wheel, hangs on two adjustable centers. The treadle is large and hangs in cone centers and all last motion can be taken up, asters underneath and, and can be easily moved. A nice dress guard over

wheel to keep dress from getting on wheel. Attachments—Are the famous Johnson's set, in a tin box, and consists of tucker, roller, four hemmers, binder, quilter, foot hemmer and feller, under braider and sheerer, oil can and oil, two screw drivers, six bobbins, paper of needles, thumb screw, gauge, and book of directions.

The Furniture—Is well made highly polished and elegant in appearance. All these machines will be sent out with oak furniture unless walnut is specified. Each machine has a lock to the drawers and cover, nice nickel-plate drop rings to all drawers. All machines are well packed and crated.
